

[illegible]

This exploded view diagram illustrates the assembly of the front panel. The components are organized into three main sections:

- Top Section (5-1 to 5-15):** Shows the main frame and bezel assembly. Key parts include the bezel (5-1), the main frame (5-1-1), and various mounting brackets and screws (5-1-2 through 5-1-15).
- Bottom Section (6-1 to 6-13):** Shows the internal components and their mounting. Key parts include the main panel (6-1), the control panel (6-2), and various mounting brackets and screws (6-3 through 6-13).
- Right Section (3-1 to 3-15):** Shows the control panel and its associated components. Key parts include the control panel (3-1), the control panel bezel (3-2), and various mounting brackets and screws (3-3 through 3-15).

The diagram uses dashed lines to indicate the assembly sequence and the relative positions of the components. The components are labeled with numbers in circles, indicating their assembly order.
