The diagram illustrates the exploded view of a gas cooktop assembly. Key components include:

- Gas Burners and Igniters:** Various burner assemblies (e.g., 127731, 127732, 127713, 127714) and individual igniter components (e.g., 88535, 114591, 41489, 41477, 88176, 114589, 114590).
- Control System:** A control panel (52171) with a row of five knobs (129244, 129245, 129246, 129247, 129245) and a gas valve assembly (129247).
- Gas Distribution:** A network of gas pipes (126944, 126948, 126945, 126942) and fittings (50392, 66962, 35365, 11944) connecting to the main gas inlet (47492).
- Structural and Safety Components:** A main cooktop body (126933), a rear panel (72881), and various mounting brackets and screws (e.g., 129248, 129250, 129249, 129241, 129242, 129243).
- Accessories:** A power cord (104252) and a set of feet (39544) for the cooktop base.
